

Our 2016/ 17
highlights!

Daily Earlybird sessions have been really successful. Thank you for staying to support your child.

We have completed lots of science investigations this year, finding out the best material for a spacesuit and exploring what happens when we make jelly!

We have enjoyed some lovely trips this year, F1 visited Gorse Hill City Farm and F2 went on a Bear Hunt to Swithland Woods. Great fun was had by all!

In F2 we learnt all about voting and the children were able to vote for a variety of things such as the book for story time.

We were all super excited when the Premier League Trophy visited our school! We all wore blue clothes and had our photos taken next to it.

In the spring F2 we made shelters for hibernating hedgehogs with parents. We had a lot of fun and they looked fantastic!

All the children in Foundation have enjoyed our superhero topic. Especially dressing up each week as their favourite superhero!

All the children have participated in whole school art day sessions which have contributed to the displays throughout the school.

We are proud of the children's achievements and would like to thank you all for the support you have given them. We wish them well as they move into Year 1.

Many thanks, the foundation team!
