

## Spring Update for Upper Key Stage 2

The children in Upper Key Stage 2 have made a fantastic start to the Spring term and in this update we would like to share with you some of the exciting learning and activities that we have been involved in this term and what we are looking forward to!

### What have we been learning in Spring 1?

In Spring 1 we were learning about habitats. To support our learning we invited an explorer into school, who shared lots of stories about his travels around the world. We took part in team building activities and discussed how to protect our planet from global warming.

We also used the novel 'Holes' to support our writing, reading and topic work. We learnt about the desert and also had a visit from 'Wild Science', who brought in some desert creatures for us to meet! Through 'Holes' we learned more about the U.S.A and the regions within it.

### What are we looking forward to?

In Spring 2 we are looking forward to learning more about Hinduism. We will be learning about rights and responsibilities in PSHE, which included the law and how we are responsible for our actions.

We will be learning about electricity in a cross curricular way, through science and English.

Thank you very much for your continued support!

The Upper Key Stage 2 team
