

We visited Brocks Hill Country Park as part of our Team Building Topic, in September.

Our Autumn Highlights

Maths:

We have been busy checking our understanding of place value and practising the four arithmetic operations of: addition, subtraction, multiplication and division. As well as this, we have developed our understanding of fractions and the vocabulary that is associated with it. Furthermore, our times tables are practised regularly, and we have learned about prime numbers and decimal numbers, multiples and factors. autumn

History.

As part of our WW2 topic, we visited Beaumanor Hall for an unforgettable experience!

English:

During the Autumn term we have worked hard to develop our sentence structure, looking at different ways of composing effective sentences. We have produced a lot of work around our Class Reader- Goodnight Mister Tom, which links to our WW2 theme.

PSHE: National Anti-Bullying Week.

Each November the school participates in activities around the theme of Anti-Bullying. This year, Class 5S performed an assembly on 'The Power for Good', what we should do to stamp out bullying, looking at victims, perpetrators, bystanders and witnesses.

Grammar

We have been working hard on our grammar and spelling. It would be great if you could continue to support your child with learning Year 5-6 words. Many thanks.
